9 october 1951

Dear Joe:

failure to collect mail at the Metropolitan Club, I only recently found your letter of September 18th.

Meanwhile, I have had an excellent talk with who impressed me most favorably, and I hope we can be of some help to him. I only regret I was not in New York on the evening of September 28th.

STAT

STAT

I would be interested to know what you plan to do with regard to the matter. Personally, I am somewhat disturbed that the American side is not likely to be adequately represented at this meeting. I believe knows a good deal about this and I have heard rumors that he may be going. If so, this will help change the picture. Very possibly you have already spoken with him.

Sincerely yours,

Allen W. Dulles
